## REACHING BELOW THE SURFACE

SEWER PIPES, SEPTIC LINES, WATER PIPES, POWER LINES, AND EVEN GEOTHERMAL PIPING ARE OUT OF SIGHT AND OUT OF MIND — UNTIL THEY BREAK.

**Our Service Line Endorsement** provides important protection for a service line failure.

### YOUR YARD, YOUR PROBLEM.

Service line breakage could cost you thousands, because typically you, not the utility company, own the piping located between your house and the street.

### PERSONAL, EXPERIENCED SERVICE

We've protected local families for generations. Discover the advantages of working with a local insurance company.

### COVERAGE APPLIES TO UNDERGROUND:

- Water piping that connects from the dwelling to a public water supply system or private well
- Sewer piping that connects from the residence to a public sewer system or private septic system
- Power lines that provide electrical service to the dwelling
- Piping that connects to a heat pump supporting a geothermal application
- Power line or wiring to and from solar-panel generating equipment, including those leading to a junction or transformer owned by a utility company
- Telephone or cable company wiring serving a structure covered by the policy

### ADDITIONAL COVERAGES

Includes costs of trees, plants, lawns, walkways, or sidewalks damaged during repair of a service line. May pay for hotels, meals, or other living expenses if you have to leave your home due to a covered loss.
